MODULAR BUILDING BLOCK ORDER FORM WRITE NUMBER OF KITS REQUIRED UNDER "QUANTITY"

INPUT MODULE KITS		Price	Quantity
MKI-1	LIGHT / DARK SENSOR Sensor that alters output when light levels change	£2.50	
MKI-2	RAIN / DAMP SENSOR Used as a sensor for detecting rain and moisture	£1.00	
MKI-3	TEMPERATURE SENSOR Gives an output to detect rise / fall in temperature	£1.50	
MKI-4	TIME DELAY Gives time delay using C and R network	£1.50	
MKI-5	IC MONOSTABLE Integrated Circuit Monostable for time delay input	£2.50	
MKI-6	TRANSISTOR MONOSTABLE Transistorised Monostable for time delay input	£2.00	
MKI-7	TRANSISTOR ASTABLE Slow astable for flashing lights, easily modified to give high frequency out for audio tone generator	£2.00	

CONTROL MODULE KITS		Price	Quantity
MKC-1	SIMPLE TRANSISTOR SWITCH Simple one - transistor switch	£1.00	
MKC-2	DARLINGTON AMPLIFIER SWITCH sensitive two - transistor switch	£1.00	
MKC-3	TRANSISTOR INVERTED OUTPUT SWITCH Inverts control signal to invert operation of an input	£1.00	
MKC-4	OPERATIONAL AMPLIFIER SWITCH Extremely sensitive Integrated Circuit switch	£1.50	

OUTPUT MODULE KITS		Price	Quantity
MKO-1	RELAY OUTPUT Make your system do some real work. Supplied relay switches 30V dc at 3 amps for low powered motors, fans, solenoids, pumps etc.	£3.00	
MKO-2	LED OUTPUT INDICATOR Red light emitting diode LED output circuit	£1.00	
MKO-3	BUZZER OUTPUT Loud buzzer output kit for audible indicator / warning	£2.50	

TOTAL KIT PRICE = £
plus postage and packing = £ (£2.00 UK ONLY, EU £5, OVERSEAS £12)
Total enclosed = £
